PRELIMINARY PLAT OF SOUTHWYCK, SECTION 6, A SUBDIVISION OF 24.5891 ACRES OUT OF THE H.T. & B.R.R. COMPANY SURVEY, ABSTRACT NO. 309, SECTION 21, BRAZORIA COUNTY, TEXAS, GENERAL HOMES CORPORATION, OWNER

Chairman Lentz read the following letter which was submitted with the plat into the records:

TO: Pearland Planning Commission
FROM: Nancy Eargle - Lanplan Company/General Homes Corporation
DATE: August 2, 1989
SUBJECT: Preliminary Plat, Section 6 Variance Request

We would like to request a variance to the 25' front building setback which would permit lots fronting the bulb portion of all cul-de-sacs to have a 20' front building line setback enabling a greater flexibility in location of the building pads on these radial shaped and more shallow lots.

A title report was presented to Director of Public Works Bill Thomasset by David Hinners of General Homes.

The Commission discussed which lots the requested variance to the front building setback line would be applicable to. It was suggested the variance not be granted until presentation of the final plat when more definitive details could be provided and the variance could be granted on the basis of hardship as per the intent of the subdivision ordinance and not just for purposes of flexibility.

It was moved by Clyde Starns, seconded by Leroy Savoie, the the preliminary plat of Southwyck, Section 6, be approved with the stipulation that the requested 20' front building line be granted on Lots 6 & 7, Block 1, only, at this time, with further variances to be granted at the time the final plat is presented and approved, provided a more detailed explanation is offered for this variance request.

Motion passed 5 to 1, with Mary Starr voting against.

Mr. Phillip Carter presented the title report and tax receipts to Staff Representative Bill Thomasset. Mr. Carter was informed the tax receipts were not acceptable. Instead, tax certificates from the three local taxing entities must be submitted before the plat is filed.

The Commission discussed a 20' road right-of-way for the future widening of Dixie Farm Road which will be conveyed when the plat is recorded and the omission of a block number on the plat which the subdivision ordinance requires.

It was moved by Mary Starr, seconded by Helen Beckman, that the final plat of Cartercrest be approved subject to the following stipulations: 1) the owner's signature being notarized, 2) the title "Block 1" added to the plat, 3) the removal of the "save and except 0.9441 acre" with only the ownership showing on the adjoining property, and 4) submission of the tax certificates.

It was moved by Clyde Starns, seconded by Benny Frank, that the final plat of Yost, Addition No. 3, be approved with the stipulation that the tax certificates and the title report be furnished prior to filing.

Mr. Russell Plank of Sunset Meadows Joint Venture gave a brief background of this property, formerly known as Nasawood. The only difference in this plat from what was originally platted is a second point of access, opening Sunset Drive from the Friendswood side, he said. In addition, Mr. Plank related, they have agreed to bring in a second source of water from the Rustic Lane side of the property. They will furnish the pipe with the City furnishing the labor.

Bill Thomasset representing Staff requested proof of ownership and Mr. Plank said it would be forthcoming tomorrow as they had just closed today.

The Commission discussed street lengths and names, radii of lots, setback lines from pipelines, the plans for the water line extension, the one foot fee strip, rights-of-way, and the use of the various reserves.

It was moved by Leroy Savoie, seconded by Mary Starr, that the final plat of Sunset Meadows be approved contingent upon the following items: 1) proof of ownership be presented to City Staff, and 2) the area showing Reserve C along the south edge of Glenview Drive between the areas called Detail "A" and Detail "B" be reclassified from Reserve C to normal street right-of-way.
